Stay colder for longer

There are few things better than an icy cold refreshment when you are in the outdoors. Your food and drinks will stay colder for longer when you use a Fraser Island Icebox. There are plenty of satisfied customers who have discovered that Fraser Island Iceboxes can sustain ice for as long as 5-15 days in 30C heat.

Fraser Island Iceboxes offer exceptional thermal insulation, thanks to their foamed polyethylene construction. They are available in an extensive range of sizes and colours to suit your specific needs.

Fraser Island Iceboxes are built tough to last the rigors of the outdoors. They come standard with quality seats, durable handles, Stainless steel clasp latches and removable pin hinges.

Your Fraser Island Icebox will become your outdoor cooling friend for all your camping, boating, fishing and four wheel driving adventures.
